

Welcome to Kindergarten

Welcome to school kindergarteners and parents! It is my sincere wish to finish this school year strong. Watch out, first grade here we come!!! I have high expectations for myself and my scholars. Throughout the school year I will communicate with you through notes, phone calls, conferences and progress reports. Thank you in advance for completing the tear off at the bottom of this form. We want our records to be accurate.

Parents, as our partners, we rely on you to label your child's belongings, check their backpack daily and discuss school expectations with them regularly.

Homework helps scholars practice skills and strategies. Homework will be sent home regularly. Please sign and date every assignment. I also encourage you to read to and with your child daily .

Attendance is vital. Please continue to bring your child to school on time, ready to learn. If your scholar is absent, they will receive their make-up work upon their return to school. I look forward to helping your scholar grow, develop and thrive.

If you need to have a conference please contact me so we can schedule it.

Sincerely,

Ms. Bell

Kindergarten Teacher

I _____ will support my scholar _____
In completing their homework and reading. I will sign homework in support of my scholar.
